

Waiting For Tomorrow

Peabo Bryson

Well baby, I'm sitting here, staring out the window
I can't get to sleep at all
Love is racking my brain
And I'm wondering if I'm headed for the same mistake again

Stop this foolish heart
Start all over again, do it over again
Before it goes too far
Before we're near the end
Before I lose a friend
Oh, oh, I'm...

Waiting for tomorrow (sitting here waiting)
I think it's time to let you know (Gotta let me know)
I'm waiting for tomorrow, should I stay or just let go?
(Should I just let go, baby?)
I'm waiting for tomorrow, I just wanna let you know
(Can you let me know?)
I'm waiting for tomorrow

Baby, I'm sitting here, waiting for tomorrow
Watching the clock on the wall
I thought that time brings a change
'Cause if what we have is all we got
It can only end in pain

Stop this foolish heart
Start all over again, do it over again
Before it goes too far
Before we're near the end
Before I lose a friend
Oh, I'm...

Waiting for tomorrow (sitting here waiting)
I think it's time to let you know (Can you let me know?)
I'm waiting for tomorrow, should I stay or just let go?
(Should I just let go, baby?)
I'm waiting for tomorrow, I just wanna let you know
(Gotta let me know?)
I'm waiting for tomorrow (let me know)

Don't you know how much I miss you, baby?
You are the air that I breathe
How I wish that you were here now, baby
To give the love that I need
Oh baby, if I could have just one wish, baby
I'd wish you here with me, oh

I'm waiting for tomorrow (sitting here waiting)
I think it's time to let you know (gotta let me know)
I'm waiting for tomorrow (let me know), should I stay or just let go?
(Should I just let go, baby?)
I'm waiting for tomorrow, I just wanna let you know
(Should I just let go, baby?)
I'm waiting for tomorrow (gotta let me know)
I'm waiting for tomorrow
I think it's time to let you know (gotta let me know)

I'm waiting for tomorrow, should I stay or just let go?
I'm waiting for tomorrow, I just wanna let you know
(I wanna let you know)
