

When You're In Love

Peabo Bryson

Don't you know my love and my kindness
Some people search all of their lives but they never find it
A smiling face, or a tender touch
A warm embrace that means so much
Simple things in life could sometimes be enough when you're in
love

When you're in love, in love, sweet love, oh

Don't say how you feel if you don't really mean it
Don't tell me that it's real and make me believe it
Don't take me higher and then run away
Don't make me feel the fire if you're not gonna stay
Be careful what you do and the things you say

Because I'm in love

When you're in love, sho nuff in love, I'm in love, in love

Don't take my love as a sign of weakness
Love don't live around nobody's door
And when you fall in love, you take the bitter with the sweetne
ss
Still, you come running, running back for more
More love, sweet love, more sweet love

More love, sweet love, love, more love

Forever and a day, I'll be loving you
For the rest of my life, I'll be, I'll be love, I'll be loving
you
(When you're in love) Oh baby, baby
