

Words

Peabo Bryson

Words, just a simple phrase
Words, things that people say
Words, there's gotta be a better way
To say how I feel what it is about you
Breathe for me
How can we live without the words

Well, it seems you're doing well
Doing what you always planned
Somehow I feel like you never
You never understand that I love you now
As I loved you then
So don't quit, no
Until you've heard me say the word
That I, I, I love you

I love you
I'm so in love with you
I said I love you

(Still in love with you)
I'm in love
(Still in love)
I'm still in love with you
(Still in love with you)
I said I love you
(Still in love)
(Still in love with you)
Don't you know it's true
(Still in love)
Love is what I feel for you
(Still in love with you)
Still in love
(Still in love)

(Still in love with you)
I'm gonna love you anyway
(Still in love)
Love for me, babe, everyday
(Still in love with you)
When I'm still in love
(Still in love)
(Still in love with you)
Call me and I'll be there
(Still in love)
Anytime or anywhere
(Still in love with you)
Don't you know that I love you
(Still in love)

(Still in love with you)
No one can love you better
(Still in love)
Through any kind of weather
(Still in love with you)
Still in love
(Still in love)

(Still in love with you)
I wann you hear you say
(Still in love)
Say you love me
(Still in love with you)
Whoa-oh-oh, still in love
(Still in love...)
