

Magnificent

Peace

I lied to you to hide the truth
It's only gonna get ya hurt
It's okay, crying is allowed
In the basement hanging around
Waiting for the feeling to return

So don't give up on me just yet
Someday I will be magnificent

I'm a sad sound
So turn the bass down
It's too loud, lets escape town
Everybody hates electronic music here
Death town, at the concert
Don't print these lyrics on a T-shirt
I am just a servant to your ear

So don't give up on me just yet
Someday I will be magnificent

I wish I was everything that I'm cracked up to be
You say I'm like heaven, everybody's lost belief
Don't give up on me just yet
Someday I will be magnificent
Don't give up on me just yet
I'll be magnificent
We'll be magnificent
Only magnificent
Only magnificent
