Wraith

Peace

Close your eyes, my leather hearted boys It's such a waste, cut your silky noise Ooh, I don't wanna see you Ooh, I don't wanna see you

You could be my ice age sugar You lay me down and make me shiver Blow me like a floating feather We'll be dark, we'll be dark forever.

It's no surprise, she'd spiky jagged claws She's such a wraith, a lady of the sword Ooh, I don't wanna see you Ooh, 'cause I don't wanna see you

Ooh, I don't wanna see you

You could be my ice age sugar You lay me down and make me shiver Blow me like a floating feather, We'll be dark, we'll be dark.

You could be my ice age sugar
You lay me down and make me shiver
Blow me like a floating feather
We'll be dark, we'll be dark forever.
