

Bewitched

Peggy Lee

Bewitched, Bewitched,
You've got me in your spell
Bewitched, bewitched,
You know your craft so well
Before I knew what you were doing
I looked in your eyes
That brand of woo you've been brewin'
Took me by surprise

Bewitched, Bewitched
One thing is for sure
That stuff you pitch
Just hasn't got a cure
My heart is under lock and key
Somehow you got unhitched
I never thought my heart could be had
But now I'm caught and I'm kinda glad
To be bewitched, bewitched

[Instrumental]

My heart was under lock and key
Somehow it got unhitched
I never thought my heart could be had
But now I'm caught and I'm kinda glad
To be bewitched, bewitched
Bewitched, bewitched, bewitched, [Fade]
