

(I Love Your) Gypsy Heart

Peggy Lee

I love your gypsy heart
I love your wandering ways
And we have had much happiness
Through all the fleeting days

I guess I've always known
You're just a rolling stone
And who am I
To make a foolish try
To hold your loving gypsy heart?

Your eyes will always shine
Through memories that are mine
So take my hand
And now I understand
Because I love your gypsy heart
Your gypsy heart
