Strangers in the night exchanging glances Wondring in the night What were the chances wed be sharing love Before the night was through.

Something in your eyes was so inviting, Something in you smile was so exciting, Something in my heart, Told me I must have you.

Strangers in the night, two lonely people We were strangers in the night Up to the moment When we said our first hello.
Little did we know
Love was just a glance away,
A warm embracing dance away and -

Ever since that night weve been together. Lovers at first sight, in love forever. It turned out so right, For strangers in the night.
