

# Witchcraft

## Pendulum

**Em**                    **C**                    **D**                    **Am**  
It's in your eyes, a color fade out  
**Em**    **C**                    **D**                    **Am**  
Looks like a new transition  
**Em**                    **C**                    **D**                    **Am**  
The starting up and shaking your ground  
**Em**                    **C**                    **D**                    **Am**  
Turning your head to see a new day calling

**C**                    **D**                    **Em**  
Does it feel like a head to lean on?  
**G**  
A snapshot from where you were born  
**C**                    **D**  
I'm looking for your hand in the rough  
**Em**  
You're caught in the wire  
**G**  
Well I'll lift you out

**Em C D Am** [4x]

**Em**

**Em**                    **C**  
Leading on the action  
**D**                    **Am**  
Caught in a cell phones rays  
**Em**                    **C**  
Bleeding on a sofa  
**D**                    **Am**  
Staring at the waistline  
**Em**                    **C**  
He's coming and she knows it  
**D**                    **Am**  
Even though she knows why  
**Em**                    **C**  
Footsteps in the hallway  
**D**                    **Am**  
Girl you haven't got time

**Em C D Am**  
You gotta get out

**Em C D Am**  
Go far away  
You gotta get out  
Go far away

Darkness in the bedroom  
Maybe she is resting up  
Maybe she was out late  
Just come back from the club  
I can't hear her breathing  
Something doesn't seem right  
Killer in the hallway  
We're living on a set time

We gotta get out  
Go far away  
You gotta get out  
Go far away
