

Die in Your Sleep

Pentagram

We're travellin'on and we've passed insanity
Why still ask what the future will bring
You don't know now, you know nothing
Die in your sleep, and the worlds move on.

Hey baby, I'm no master but I'm a man, you better believe it.
I'm gonna make you squeal
Do what you can 'cuz now I'm mad
Die in your sleep and cows come home, yessir!

Baby's a bitch and you jump when I talk
Don't try to stalk me, I'll break you yet
Maybe I'm crazy, you're worse off than me
Die in your sleep, and don't you come runnin'back!
