Evil With You

People In Planes

Don't keep me hanging from this tree I hope that someone will notice me 'Cause I am fading fast

I think I wanna be kidnapped Wake up in bed with a horse's head I'll start again on the cigarettes And burn down the house-arrest

I am evil with you I am evil with you

I know not to take it too far 'Cause I'm under the thumb
Yeah, I know not to take it too far 'Cause I'm a modern man

Who is the boss?
I'll keep it buttoned

I know not to take it too far
'Cause I'm under the thumb
Yeah, I know not to take it too far
'Cause I'm a modern man

I am evil with you I am evil with you
