

Keep Your Head Bangin

Pepper

This is the story
Of Rock n' Roll glory
Cause new metal bores me
So keep your head bangin'
If you're a Heshier
Where is your leather?
The louder the better
So keep your head bangin'

I'll eat your flesh
In my camaro I race for dinero
Crash and Burn
There's no survivors, when I'm the driver
My Mullet's Thick
The chicks love my meat whip, it's covered in lipstick
I rip it up
Like Kobe Bryant, I'm an anal Tyrant

Burn it out
My 4 wheel dragon, is my only companion
Tear it down
I'm slammin' Bacardi, now I'm rulin' the party
I'm kickin' ass
I'm smashin' your faces, and other places
I'm hookin up
With a sex machine, she's eleventeen

This is the only thing that I know
I live the Life of Rock n' Roll
Never do a damn thing that I'm told
You know this ass is un-kickable
This is the story 6x
This is the story of Rock n' Roll
