

# Don't Look Back

Pere Ubu

I'm on fire  
cuz I know  
Dig that crazy knockin on the doors!  
I do believe that a smell of rain is  
oughta bound to be  
I bet  
a hurricane  
And If I try to remind you  
Don't it feel like the rain?  
Don't look back  
Don't you know  
that I'm bound to be on the last train  
of the season?  
Count the reasons  
Oh thee I know  
Valerie  
girl  
we'll never meet again

Come on  
Don't be slow  
The porter's calling  
it's time to go  
Next stop?  
I don't know  
Wherever it goes  
it's going home  
I fear  
I know  
the things I hope  
I lie awake  
listening for my heart to break

I don't know if it's snowing  
There's a chill settled in my bones  
Not a bird  
not a sound  
there's nothing movin in the whole town  
Count the reasons  
Oh thee I know  
Valerie  
girl  
we'll never meet  
And if I try to remind you  
Don't we hold back the rain?  
Don't look back  
I'm bound to be on board the last train
