

## Dark Parts

Perfume Genius

The hands of God were bigger than Grandpa's eyes  
But still he broke the elastic on your waist

But he'll never break you, baby  
But he'll never break you, baby

The hands of God were bigger than Grandpa's eyes  
But he's long gone

The love you feel is strong  
The love you feel is stronger

I will take the dark part  
of your heart into my heart  
I will take the dark part  
of your heart into my heart
