

Go Ahead

Perfume Genius

What'd you think?
I don't remember asking you
What'd you mean?
Baby take a seat

Watch me
Watch me walk on by
Honestly
Next one won't be free

Go ahead
Go ahead and try
Go ahead
Go ahead and try

If you need
To take a moment, take a moment
If you need
You can even say a little prayer for me
Baby, I'm already walking in the light

Go ahead
Go ahead and try
Go ahead
Go ahead and try
Go ahead
Go ahead and try
Go ahead
Go ahead and try
