Queen

Perfume Genius

Don't you know your queen Whipped Heaving Flower bloom at my feet

Don't you know your queen Cracked Peelin' Riddled with disease Don't you know me

No family is safe When I sashay

Don't you know your queen
Gleaming
Wrapped in golden leaf
Don't you know me
Rank
Ragged
Skin sewn on sheets
Casing the barracks
For an ass to break and harness
Into the fold
Marry

No family is safe When I sashay
