

Labyrinth of Longings

Persephone

One night
Fallow lies my soul
One dream
The seed of love is withered
One soul
Unfulfilled desires I'll reap
One hope
I have to face the truth

In the labyrinth of longings
Dreams won't come true
In the labyrinth of longings
I'll be waiting for you

One heart
Suffocated by the rain
One love
Drought feeds my loneliness
One wish
Life can't quench my thirst
One hope
I have to face the truth
