

# Hells Command

Persuader

I, I've done the things you asked but you want more  
The sacrifices I made, for the ones we betrayed before

I'll stand my ground until the end  
And silence their calls  
I fear their whispering voices  
What once was asleep is now awake

It's coming for all of us  
It comes for our souls

I dream of reality and it slowly fades away  
I try to hold on but I know its too late  
I can't deny this twisted fate

This is my sacrifice  
This is my final call  
I've seen the signs  
In hell, I take command

Lies, all you tell are lies and twist the truth  
To be punished, confined is what I deserve  
To roam the shadows alone

I'll stand my ground until the end  
And silence their calls  
I fear their whispering voices  
What once was asleep is now awake

It's coming for all of us  
It comes for our souls

I dream of reality and it slowly fades away  
I try to hold on but I know its too late  
I can't deny this twisted fate

This is my sacrifice  
This is my final call  
I've seen the signs  
In hell, I take command

Free forevermore  
I now know the answer, I'm eternally blessed  
The mirror's reflection was true

Its coming for all of us  
It comes for our souls

I dream of reality and it slowly fades away  
I try to hold on but I know its too late  
I can't deny this twisted fate

This is my sacrifice  
This is my final call  
I've seen the signs  
In hell, I take command
