

## Angel of the Dark

Pertness

Evil in veil, he's the angel of the dark  
in this night he wants to end my life  
Darkness will come with the angel of the dark  
I will fight for another life

Horror storm  
in the dark  
living in death  
in eternal live

Twilight grey  
night wind grows cold  
raging wild to death

Twilight grey  
night wind grows cold  
fight for my life tonight

Evil in veil, he's the angel of the dark  
in this night he wants to end my life  
Darkness will come with the angel of the dark  
I will fight for another life

Morbid dreams  
panic grows  
frozen to death  
past sins cut like a knife

Burning souls  
torture my mind  
I can not forget

Burning souls  
torture my mind  
sins that can be forgiven
