

# Frankenstein

Pertness

I'm the monster, I'm your deed  
my creator, your own beast

Look at me doctor, what have you done?  
you have created, a fatherless son

Time has come - Frankenstein  
time has come to take revenge

Time has come - Frankenstein  
time has come to take revenge

Playing god is not a game  
for this crime you'll bleed  
You will suffer endless pain  
farewell Frankenstein

Doctor, doctor so obsessed  
with demons you were possessed

Nevermore will you live  
For all time you'll feel the pain

Black lips, ghastly yellow skin  
lightning woke me up to life

Look at me doctor, what a shame  
you never gave me but one name

Time has come - Frankenstein  
time has come to take revenge

Frankenstein - time has come  
time has come to take revenge

Playing god is not a game  
for this crime you'll bleed  
You will suffer endless pain  
farewell Frankenstein

Doctor, doctor so obsessed  
with demons you were possessed

Nevermore will you live  
For all time you'll feel the pain
