

# My Will is Broken

Pertness

Your words are poisoning my mind  
Your doll face blinds my eyes  
Denial of the truth  
Until my will is broken  
You tell it comes from inside  
I hate my inner self  
Denial of the truth  
Until my heart has gone

My will - my will is broken  
Boundless greed and no remorse - All has gone  
My will - my will is broken  
I'm the victim of your smile - Denial of the truth

Your lies are feeding more lies  
I can't find no way out  
Denial of the truth  
Until my will is broken  
I'm brainwashed the whole day long  
I have gone much too far  
Denial of the truth  
Until my heart has gone

My will - my will is broken  
Boundless greed and no remorse - All has gone  
My will - my will is broken  
I'm the victim of your smile - Denial of the truth

Merciless poison is running through my soul  
Isolation in my mind, delusional belief  
Glorifying ignorance leads me to the grave  
Distortion of reality behind this mask of pain

My will - my will is broken  
Boundless greed and no remorse - All has gone  
My will - my will is broken  
I'm the victim of your smile - Denial of the truth
