

# Waiting for This Love

Pete Murray

Take your picture from the wall and put it inside my coat  
Take a long slow pause the night before I go  
You see I'm so unsteady I'm almost about to fall  
That's when you take my hand and cuddle me once more

And I'm waiting for this love  
Yes, I'm waiting for this love

It's time to turn and follow the moonlight out the door  
Cause the sun ain't shining too bright here no more  
You know I'm almost ready, ready to take that walk  
But the light's too low and there's no more time to talk

And I'm waiting for this love  
Yes, I'm waiting for this love

I'm running and bleeding and trying to see  
Hoping and waiting is all I can be  
Watching and counting the time in the day  
Standing for hours is all I can say

Yes, I'm waiting for this love  
Yes, I'm waiting for this love  
Yes, I'm waiting for this love  
Yes, I'm waiting for this love
