Lay Your Head Down

Peter Bradley Adams

Beautiful sleeping baby Don't let it pass you by When the leaves on the autumn trees all die What do you find? What do you find? Lay your head down, lay your head down Lay your head down, lay your head down Beautiful sleeping baby Sail on the river wide When the leaves of autumn trees all die Baby don't cry Baby don't cry Lay your head down, lay your head down Lay your head down, lay your head down [Musical Interlude] Lay your head down, lay your head down Lay your head down, lay your head down
