

# One for All

Peter Criss

Ooh...  
Yeah...  
Ooh...

I left the church this morning  
On my way back home  
When I got there  
My wife was cryin'  
She told me something went wrong  
Whoa, Something went wrong

I sat and watched in amazement  
How the sky turned so black  
People runnin' everywhere  
Oh so scared  
Felt like the world...  
It felt like the world was ending

He sees the light come shining  
And he tries to show us all  
Yeah, he does  
There's no reason for killing or war  
He tries to save us all

Ooh, yeah, yeah, yeah  
But he tried  
I'm tired of seein such heartaches  
I'm tired of watchin mothers cry  
Sendin someone off to die for us  
That's not the way  
That's not the way it should be

He sees the sun come shining  
He tries to show us all peace on earth  
He shows the love that could set us all free  
We got to be one for all

Ooh, ooh, ooh...  
Ah, ah, ah...

Look out!

We got to pray toether  
(We got to pray toether)  
We got to become one for all, all for one  
(We got to become one for all)  
We got to stay toether, oh, dear lord  
(We got to stay together, oh, dear lord)

We got to save our world  
(We got to save our world)  
Oh, save our world  
(One for all)  
Ooh, Just save our world  
(All for one)  
Save our world  
(One for all)

All for one  
(All for one)  
One for all  
(One for all)

One for all  
(One for all)
