

Back to the Start

Peter Frampton

Well I spent a little time drivin' down the wrong road now
In the middle of the storm I didn't know which way to go now
I was blinded and I couldn't see
And any hand to hold could ease my misery

Let's get back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time
Let's get back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time

Since I have you by my side you know I got the motivation
Like a fire in the night I can see my destination
I know exactly what I'm fighting for
And I'm not, not gonna be held down anymore

Let's get back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time
Let's get back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time

My wheels are turning and I'm out of control now
My head is burning, I can't slow down

Let's get back to the start, back to the start
Back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time

Let's get back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time
Let's get back to the start, don't tread on this heart of mine
'Cause I've been waiting, waiting a long, long time
Waiting a long, long time
