

# Breaking No One's Heaven

Peter Murphy

Four skies in one night  
The earth from your face  
It takes one  
It takes two  
It takes three,  
To make a bird  
Fly from that blossom tree  
The earth from your face  
From your eyes  
Looks like a groovy place  
Keeps me smiling like a child  
Like a child  
Like a child  
Like a child'

Well it came as no surprise  
Love was in your eyes  
It was evident to me  
That I came to you unable to really be

The dolphin keeper lets us sail  
In through our love's initial veil  
The simple look I give to you  
Is breaking no one's heaven  
It's a piece of truth

Your clothes are altered  
To twist me inside  
I'm hanging sweet and kind  
And I've seen my twisted light Un-shatter

Now the world is you  
Now the world is you  
Now the world is you  
Now the world is you  
The dolphin keeper lets us sail  
Now the world is you  
In through our love's initial veil  
The simple love I give to you  
Now the world is you  
Is breaking no one's heaven  
It's a piece of truth  
Now the world is you

Now the world is you

Well it came as no surprise  
Love was in your eyes  
It was evident to me  
That I came to you unable to really be

The dolphin keeper let us sail  
In through our love's initial veil  
The simple look I give to you  
Is breaking no one's heaven  
It's a piece of truth
