Look at them now, look at them do Look they found the dove their vastness too Whirlpools whirl and dragnets drag Whirlpools whirl and dragnets drag

Love me do, oh love me do
Love me find the dove
This vastness sings a pretty song
This vastness must be love

Give me three the gift of one Whose science can't describe Whose eyes are peeled like atom bombs Their spirit is the prize

The Sufi three winged flight they soar All sacral join all hearts
A cavern gasps a dragon screams
The jinn men smash the ark

Four guides float four dots of God Realistic haqq is theirs Mystic men whose eyes are sore From trials of bigger lairs

Look at them now, look at them do Look they found the dove, their triad song too

A gray surprise swirls below They could be happy too the ideas of march Whirlpools whirl and dragnets drag Whirlpools whirl and dragnets drag

Whirlpools whirl, dragnets drag Hell is not the fire Hell is your belief In yourself as the higher

Four guides afloat, four dots of God Look they found the dove their triad song too

Whirlpools whirl, dragnets drag Hell is not the fire Hell is your belief In yourself as the higher

. . .
