The ladies are beautiful  
Stylish and perfect  
So modern and so at ease  
Not one of them worth it  
Inside such an individual  
All you find is an actress

Yes.....  
It's.....  
Arranged so carefully  
Designed to make it easy

In your mind is a foolish thought  
A dangerous notion  
To think on your own this way  
Only stirs up emotion  
And anyone so naive  
Finds himself in trouble

Yes.....  
It's.....  
Arranged so carefully  
Designed to make it easy  
A lifetime guarantee

Harmonious melodies  
That sound familiar  
Specialized in mind control  
From computers they offer  
Less obvious merchandise  
For the believers

Yes.....  
It's.....  
Arranged so carefully  
Designed to make it easy

First night of the festival  
The people are there to watch  
"Come one, come all" they cry  
And let the clowns make you laugh  
Wearing painted masks  
Hide the face, reveals the man

I dream about polished steel  
A suit against my skin  
And to find a plastic heart  
Starting my life again  
I see myself on a bed  
No one cares to wake me up

Yes.....  
It's.....  
Arranged so carefully  
Designed to make it easy
