You'd like some time For you tomorrow so far seems to be You wanna be star It's so crazy for you True reason why It's understanding of feelings in your soul You're starting the life It's something what you do Open up your eyes You can see It's not over Open up your eyes You feel that it could be Chance into your life Chance for you, don't lose it, baby Chance into your life When I see you looking for Chance into your life Last chance You wanna be fine So many things to do when make it real I know who you are You can change it right now I can take you higher I'm standing close to you and help you breathe You are so young You can change it Somehow Open up your eyes You can see It's not over Open up your eyes You feel that it could be Chance into your life Chance for you, don't lose it, baby Chance into your life When I see you looking for Chance into your life Last chance Oooh, it's a chance, it's a chance into your life, it's a chance Chance into your life Chance for you, don't lose it, babe Chance into your life When I see you looking for Chance into your life Chance for you, don't lose it, babe Chance into your life When I see you looking for

Chance into your life (oooh, it's a chance)
Chance for you, don't lose it, babe (it's a chance into your life)
Chance into your life (it's a chance)
When I see you looking for

Chance into your life
