Every little bit hurts Every little bit hurts Every night I cry Every night I die Every night I wonder why You treat me cold Yet you won't let me go Every little hurt does Every little hurt does To you I am a toy And you're the girl Who has the say Why I should play Yeah you hurt me Desert me I just can't take The loneliness you give me I just can't go Another night this way Come back to me Darlin' you'll see I can give you all the things You wanted me for If you will stay with me Every little bit hurts Every little bit hurts Every night I cry Every night I die Every night I wonder why You treat me cold Yet you won't let me go Come back to me Darlin' you'll see I can give you all the things That you wanted me for If you will stay with me Every little bit hurts Every little bit hurts Every little bit hurts
