

I Was Thinking

Phideaux

I was thinking about you
Hanging lights electric blue
And neck restraints for two

I was thinking about you
Wonder if you're thinking too
I do, I think of you

I said what I said, I said what I said
I said what I said: I want you

I was thinking about you (thinking I was thinking about
you)
Shredding paper like you do (paper shreds but won't
forget)
Your signature tattoo

I was thinking about you (thinking I was thinking about
you)
Welding metal barbecue (metal welding lights electric)
Blue bell dreams of you
Blue bell dreams of you

I said what I said, I said what I said
You heard what I said, I said what I said:
I want you
You said what you said, you said what you said
You said what you said, I heard what you said:
I'm not sure about you

I was thinking about you, holiday it's what you do
I do, I think of you
Wonder if you're thinking too
