Do You Know, Do You Care?

Phil Collins

You said you would, you didn't and I wanna know why And don't make no excuses You promised, you promised, you better explain Tho' I don't know what the use is You said you could, you couldn't, now why did you lie You made it look so easy You did it, why do it, what was your point? Laughing while you tease me

Oh, do you know and do you care?

I said I did, I shouldn't cos the magic will go It happened once before You'll see it, you'll steal it and take it away And then come back for more Don't say you weren't, you were 'cos I saw you myself It's too late for your reason You're lying, you're lying, you've done it this time I'm sick of all the cheating

Oh, well do you know and do you care?

'Cos I watch you oo every day I watch you pass me by I'll get you Yes in the end I'll get you Just watch me try

Oh you make it hard to be hard but I'm trying my best Cos down inside I'm burnin' You want it, you get it, now take it and run I'll hide how much it's hurtin'

Oh, well do you know and do you care? Oh, well do you know and do you care?
