

Days Like You

Phil Keaggy

If I portray myself blessed within
If I display myself, try to show
I meet the approval of my kind
If I pretend to have all I need
It's never intentional, I should have mentioned
I'm not always feeling just fine

I have days like you
Stuck in a rut, feeling the blues
Oh I have days like you
Just holding my ground

If I defend myself hastily
If I recommend myself, call for security
For the renewal of my mind
There is a greater will to be done
In the name of the Father and of the Son
With all my intentions behind

I have days like you
Stuck in the mud, feeling the blues

And I have days like you
Just holding my ground
Life leaves us to choose
How will we finish, win or lose?
Oh I have days like you
And these days just come around
I have days like you
Stuck in a rut, feeling the blues
And I have days like you
Just holding my ground
Life leaves us to choose
How will we finish, win or lose?
Oh I have days like you
And these days just come around
I have days like you
Stuck in the mud, feeling the blues
Oh I have days like you
Just holding my ground

And these days just come around
