

Everything Is Alright

Phil Keaggy

Just when I can see light
At the end of my pipe dreams
Something's not the way it seems
It can pull me under overnight

And all the dreamers in this town
Wake up to lay their sweet dreams down

Everything is alright
That's the way it goes babe
Everything is alright
We'll cope and keep close babe
Everything is alright

Just when I could touch clouds
There is rain on my fingertips
A personal apocalypse
In a land where such is not allowed

Do all the riders in these ruts
Break down and give the good things up

Everything is alright
What will be will be babe
Everything is alright
When it's only you and me babe

Imagination and the name of the game
Everything is changing but the sound of your name

And all the dreamers in this town
Wake up to lay their sweet dreams down

Everything is alright
That's the way it goes babe
Everything is alright
We'll cope and keep close babe
Everything is alright
What will be will be babe
Everything is alright
When it's only you and me babe
