

# Lost In You

Phil Keaggy

There have been days  
When the day won't seem to end  
Oh no  
And on those days  
I have needed a good friend

It is so good  
Just to know that You will be there  
You take my hand  
And carry every care

Lost in You  
This is love better than life  
Lost in You  
Everything will be alright  
'Cause my sweet Lord  
In my darkness You bring light, Oh  
And I am grateful to be lost in You

And to be found  
When I am beaten by the world  
You come around  
And help me with my hurts

You said you would  
And once again you have been proven to be true

How can I ever  
Show my gratitude

Lost in You  
This is love better than life  
Lost in You  
Everything will be alright  
'Cause my sweet Lord  
In my darkness you bring light, Oh  
And I am grateful to be lost in You

(bridge)  
Amazing Grace  
How unbelievable the sound  
Yes, I was lost  
And now my soul it has been found

I'm lost in You  
This is love better than life  
Lost in You  
Everything will be alright  
'Cause my sweet Lord  
In my darkness you bring light, Oh  
And I am grateful to be lost in You  
I am grateful to be lost in You
