

If You Didn't Love Me

Phil Stacey

A broken bat in the grass
Takin' one too many fastballs
Tired of swingin'
Spinnin' wheels, grinding gears
Goin' nowhere in a downpour
Mud just slingin'
That's what it feels like
Climbin' up hill all the way
Like life's a wild horse
I ain't ever gonna break

If you didn't love, if you didn't love
If you didn't love me
I don't know how
I don't know how I could do this
If you didn't love, if you didn't love
If you didn't love me
I don't know how I'd get through this
If you didn't love me, if you didn't
love me

A mountain top, another shot
A born again and put some fight back
In me sunrise - oh, yeah
That's what it feels like
Wakin' up in your arms, girl
Without your sweet smile
It'd sure be a tougher world

Sometimes it feels like
I'm runnin' straight into the wind
You whisper three words
And it's at my back again
Yeah, it's at my back again

If you didn't love me, if you
didn't love me
