

One

Phil Stacey

One simple man, one simple plan
Not a blaze, just a spark
No certainties, no guarantees
Just taking steps in the dark

Not for fame or the glory
For the words that add up to the story

One drop in the ocean
One prayer from your heart
One mercy, one struggle
One cup of cold water

One dollar, one promise
Even though it seems small
Sometimes one is
The biggest thing of all

Too many words, too many hurts
'Til you can't hear your heart
Too many ways to make mistakes
That we don't even start

But you can't change the world
With your one chance to live
Until one day you wake up
Knowing all you must give is

One drop in the ocean
One prayer from your heart
One mercy, one struggle
One cup of cold water

One dollar, one promise
Even though it seems small
Sometimes one is
The biggest thing of all

One word, one life
One truth that will shine like the sun
Shine a light on your path
'Cause the road leads back to

One drop in the ocean
One prayer from your heart
One mercy, one struggle
One cup of cold water

One dollar, one promise
Even though it seems small
Sometimes one is
The biggest thing of all, oh
