

Amazing Grace

Phil Vassar

I took a drive today
Saw an old willow tree
I thought about a bedroom window
Thought about you and me
Yeah, talk about an endless summer
I'm still living it now
Burning in the heat of midnight
I'll never forget how

You would whisper
Pull me to ya
Softly kiss me and
Hallelujah
I told you that I loved you
And watched the tears fall down your face
Your sweet face
Back in the days when
You were amazing grace

Your daddy was a deacon at the church
I wasn't fooling him
He knew every book, chapter and verse
Of a young man's sins
But what about those nights I was just down the hall
Holdin on to heaven
Praying that we wouldn't get caught so

Oh how sweet the sound when...
