

I'm Not Made That Way

Phil Vassar

Girl, I know that you're afraid
And Heaven knows mistakes were made
But that's ok, baby, yeah that's ok
And I know that this seems fast
And sometimes love don't seem to last
But that's ok, baby, yeah that's ok

I guess there's no guarantee
But girl you have never been loved by me

No, I won't ever hurt you
After all I've been through, I'm not made that way
(I'm not made that way)
I won't give up on nothing
Can't turn and run 'cause I'm not made that way
(I'm not made that way)
I know they made you cry
They always said goodbye
They just weren't strong enough to stay
But I'm not made that way

Been to Hell and gone for broke
Seen it all go up in smoke
But that's ok, baby, yeah that's ok
Well it's a bloom in doomers' world
And it's been tough on both of us, girl
But that's ok, baby, yeah that's ok

No more secrets and lies
Love don't need an easy alibis

No, I won't ever hurt you
After all I've been through, I'm not made that way
(I'm not made that way)
I won't give up on nothing
Can't turn and run 'cause I'm not made that way
(I'm not made that way)
I know they made you cry
They always said goodbye
They just weren't strong enough to stay
I'm not made that way

Your heart is safe
Right here by me

No, I won't ever hurt you
After all I've been through, I'm not made that way
No
I won't give up on nothing
Can't turn and run 'cause I'm not made that way

I'm not made that way
No
I'm not made that way
Oh
Oh
Oh
Oh
