

Fall Down

Phillips, Craig & Dean

What can I say that You never heard
What can I offer You
Where can I go that You have never been
That You can't lead me through
Take my prayer, hear my cry
Only You can satisfy

Fall down on me
And drive me to my knees
Our over me
Deeper than the sea
Rain on me with a love until I drown
I need You to fall down

Well, if I had one place
Just one place to be
Well, I'd be at Your feet
And if I had one prayer
I know what I'd pray
I'd ask You to fall down on me
Take my prayer, hear my cry
Only You can satisfy

Take my words, hear my cry
Only You can satisfy
