

Living for Heaven

Phillips, Craig & Dean

Hey, oh, yeah

Up before the sunrise, working overtime
A self-sufficient family loving man
He would give his life's blood in order to provide
'Cause in his mind, success was up to him
Very late one night when it was more than he could stand
As he prayed, he knew it wasn't in his hands

Now he's living for heaven
Walking for freedom
Finding he's been blessed beyond relief
Yeah, living for heaven
Forever is waiting
Jesus paid the price so he could see
The best things on earth are free

We've been called by mercy to eternity
There's strength in knowing we are heaven bound, yes, we are
We're children of a father, it's our identity
We are here to serve and not to settle down
Realize it's better if you set some higher sights
For if you die to self then you will see the light

Now we're living for heaven
Walking for freedom
Finding we've been blessed beyond relief
Yeah, living for heaven
Forever is waiting
Jesus paid the price so we could see
The best things on earth are free

Seek first the kingdom of God
And all of His righteousness

Living for heaven, yeah

We are living for heaven
Walking for freedom
Finding we've been blessed beyond relief
Yeah, living for heaven
Forever is waiting
Jesus paid the price so we could see
The best things on earth are free

Living for heaven
We're walking for freedom
Finding we've been blessed beyond relief
We are living for heaven
Forever is waiting
Jesus paid the price so we could see
The best things on earth are free
