

Take Me to Jesus

Phillips, Craig & Dean

Jasper wallpaper, gates of pearl
Never seen nothing like it in this world
Rainbow of splendor 'round a glass throne
Ten lane highway paved with gold
Angel choir singing with a mighty band
In sweetest harmony "Holy is the Lamb"
I know the tour ain't over, but excuse me please
I've come a long, long way, one thing to see

R:

Take me to Jesus
Let me bow down
Take me to Jesus
Let me hand Him my crown
Take me to Jesus
That will make heaven, heaven to me

Hello, David, I've sung your songs
Ezekiel, I have preached about them dry bones

Peter, can you tell me
How you walked upon the sea?
Oh, it's been a pleasure to meet all of you
And I hope that you don't think that I'm rude
Seeing all my heroes ain't top priority
I want to see the man that died for me

R:

I've heard it's a land
Where milk and honey flow
I've never cared for milk
And honey's too sweet, you know
The sights, the sound, the splendor
You can take it all away
What will make heaven heaven
Is when I see Him face to face
