

That's My Lord

Phillips, Craig & Dean

King in the skies, thorns on His head
And a robe dipped in red
Meek as a lamb, mocked as a fool
On a road that leads to death

The heavens are shaking
My heart is crying

That's my Lord, that's my king
That's my hope, my everything
That's my Lord, that's my rock
That's my Savior, that's my God
Jesus, oh Jesus, that's my Lord

Fire in His eyes, a crown on His head
And a sword dipped in red
Saints by His side, all dressed in white
He is coming like He said

Angels are dancing
And my heart is singing

That's my Lord, that's my king
That's my hope, my everything
That's my Lord, that's my rock
That's my Savior, that's my God
Jesus, oh Jesus

The kingdoms of this world
Are the kingdoms of our God
The nations of the earth
Cries out and say

He's our Lord, He's our king
He's our hope, our everything
He's our Lord, He's our rock
He's our Savior, He's our God
Jesus, oh Jesus, Jesus, oh Jesus
That's our Lord

That's our Lord, that's our king
That's our hope, our everything
That's our Lord, oh, that's our rock
That's our Savior, that's our God
