

## To Say They Hit It Off Would Be An Understatement

## Philmont

If I talk will you listen, and pay some attention  
Ff it's the last time you spend  
What good sound advice  
When the sounds of your vices are the only thing that you comprehend  
I see the tears in your eyes, I gotta pull you aside  
(Don't make a scene they'll here us arguing)

This happened once before  
You wound up at his door  
(I have nowhere to go)  
You still go back for more  
(I hate to be alone)  
Got to know that, got to know that  
This time won't be the same  
(You just don't understand)  
You're trying to explain  
( 'Cause he's the difference)  
Some people never change  
Got to know that, got to know that guy

For your lines  
And you'd think you'd have your fill by now  
But instead, you stay fed  
Too afraid to bite the hand that feeds you  
Your pain it's your guilt  
Corner in his room while his anger builds

No one deserves what happens next  
(What happens next)  
Got promised the world  
Why on earth would you settle for less

This happened once before  
(I swear I didn't know)  
You wound up at his door  
(I have nowhere to go)  
You still go back for more  
(I hate to be alone)  
Got to know that, got to know that  
This time won't be the same  
(You just don't understand)  
You're trying to explain  
( 'Cause he's the difference)  
Some people never change  
Got to know that, got to know this time  
This time  
This time  
This time

[illegible]

This time won't be the same  
(You just don't understand)  
You're trying to explain  
('Cause he's the difference)  
Some people never change  
Got to know that, got to know this time  
This time  
This time
