Don't trust the light in here
it's only chemical between you and me
don't trust the light in here
it's only chemical between you and me
i've lost a lot of friends
it's not hard to comprehend that the closer you get,
the more you forget your insecurity
don't trust the light in here
it's only chemical between you and me
don't trust the light in here
it's only chemical between you and me
you've got a lot to learn but that's none of my concern
'cos the closer we get, the more i forget my insecurity
