

The Tollbooth Martyrs

Piano Magic

The tollbooth martyrs, 21 - 56
Leave their lives at the gate and beneath the standard
issue crucifix
Push their summers to the side of the plate
Live their lives through diaries, can't get jobs in
libraries
Live their lives through diaries, can't get jobs in
libraries
The calendar model, long-retired, expecting her third,
joined a choir
The saucer of coins marks off the years from college to
dole to tollbooth cashier
Live their lives through diaries, can't get jobs in
libraries
