

My Kinda Woman

Picture

Ooh baby when you hold me tight
You set my heart on fire
Ooh baby when you treat me right
We take the heat on higher

See that woman
My kinda woman
Yeah
See that woman
My kinda woman
Yeah

Ooh baby let me show you how
I could burn your fire
Ooh baby let me show you why
I could never deny ya

See that woman
My kinda woman
Yeah
See that woman
My kinda woman
Yeah

When you hold me close
And shake my body down
And when you fire it up
You spin my head around

I need ya baby everyday
Wanna make you shine
I take you baby every way
And it all feels fine

See that woman
My kinda woman
Yeah
See that woman
My kinda woman
Yeah

When you hold me close
And shake my body down
And when you fire it up
You spin my head around

See that woman
My kinda woman
Yeah
See that woman
My kinda woman
Yeah

See that woman (See that woman)
My kinda woman (My kinda woman)
See that woman (See that woman)
My kinda woman

Yeah
See that woman
