

# She Was Made For Lovin'

Picture

I met her in the "Jungle"  
In some joint downtown LA  
First minute that I saw her  
I was hypnotized standing paralyzed

She was made for lovin'  
She was made for squeezin'  
A hot and never ending game  
She was made for lovin'  
That chick has made me insane

So I took her down to my place  
She made me hotter than the night  
My soul was set on fire  
Burning up until the morning light

She was made for lovin'  
She was made for squeezin'  
A hot and never ending game  
She was made for lovin'  
That chick was driving me insane

When I woke up in the morning  
Hammer beats in my brain  
The girl was gone with all my money  
I still wonder why, how could I ever say

She was made for lovin'  
She was made for squeezin'  
A hot and never ending game  
She was made for lovin'  
That chick was driving me insane

She was made for lovin'  
She was made for lovin'  
Yeah, she was made for lovin'  
She was made for lovin'
