

Stand My Ground

Picture

There's a weight on my mind
Answers hard to find
Kicks me when I'm down but I get me up again

Hold on and wait
Never tempting fate
Dont think that you could change the way that I was made

I am strong I am fierce
Fighting back the tears
Never influence the way I've lived for years

I'm a rock in the sea
Reflections follow me
Never can be worn away
Forever free

When I think I'm lost I'm found
And I stand my ground
When I think I'm up, I'm down
Yeah I'll stand my ground

When I think I'm lost I'm found
And I stand my ground
When I think I'm up, I'm down
Yeah I'll stand my ground

No I'll never back away
No I'll never change my way
And I'll never let my soul die
