

I am content  
in the wooden half  
of ventriloquism  
with fingers up the back  
of my shirt sifting  
through the well-camouflaged  
maggots flakes  
of your urine taste.  
like fairy dust  
when I allow my tongue  
to betray me  
I consider myself lucky  
to be destroyed  
by such elegance.
